

Stone Project

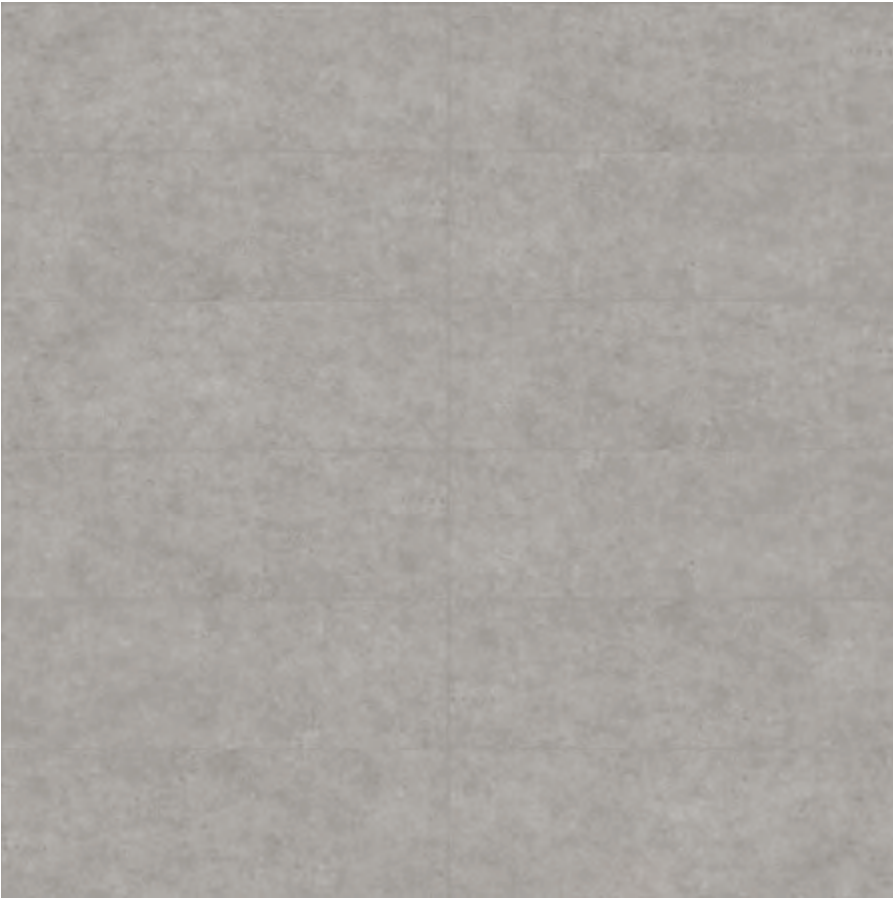

Stone Project

Lusitan & Catalan Limestone Ceramics

Caliza Cerámica Lusitana y Catalana

The Stone Project collection takes as a reference the Portuguese and Catalan limestones to propose a series of visual complements to the whole Contemporary Mixtures Surfaces set. Without losing the minimalist and refined character that represents this series of stony character, a functional and great personality wall tile collection is presented in 30x90 cm. This collection offers a choice of four timeless and natural tones, and three reliefs: Dot, which highlights the pleasant Bush Hammered texture own of stone; Saw representing engraving effect of horizontal lines and Six, forming a distracted network of regular hexagons.

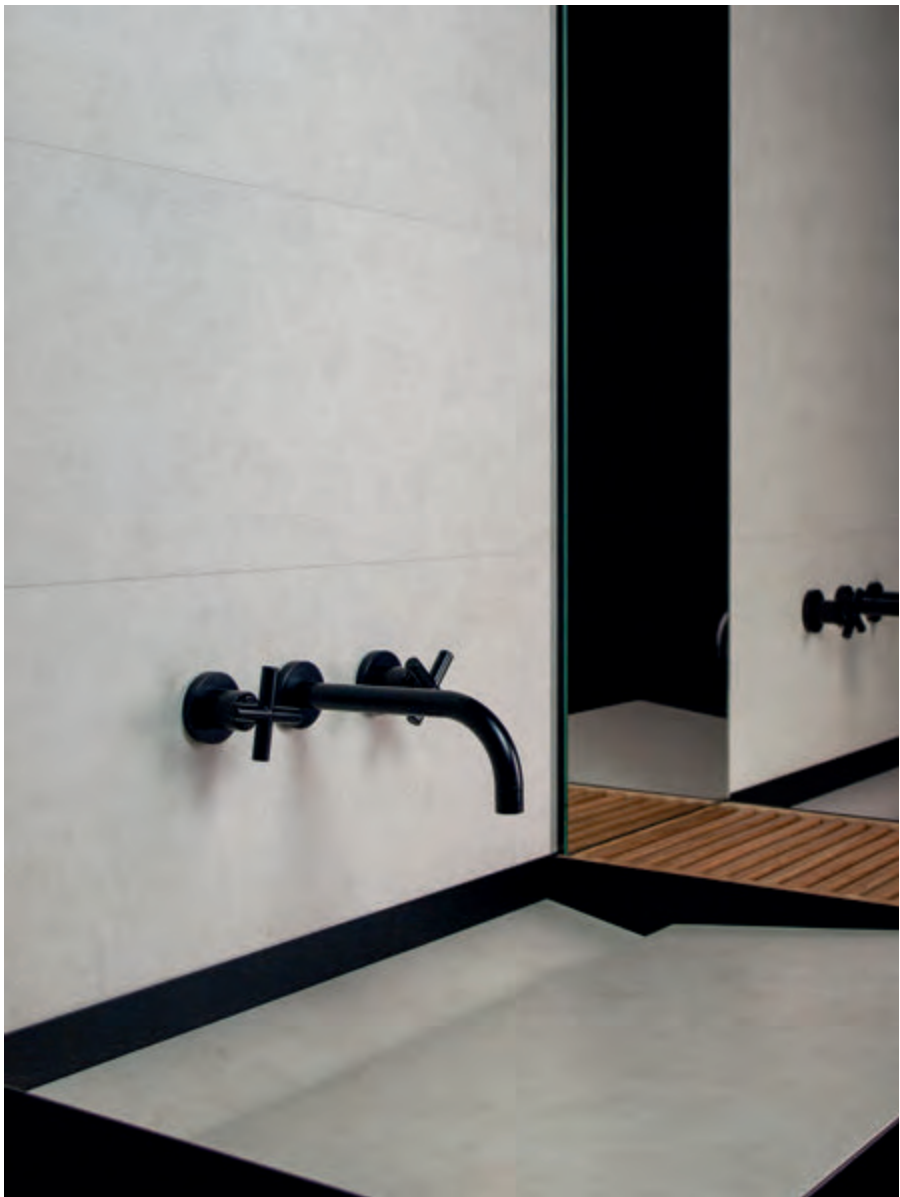

La colección Stone Project toma como referencia las piedras calizas de origen portugués y catalán, para proponer una serie de visuales complementos a todo el conjunto Contemporary Mixtures Surfaces. Sin perder el carácter minimalista y refinado que caracteriza esta serie de esencia pétrea, se presenta una colección de revestimiento en 30x90 cm, funcional y de gran personalidad. La serie propone una selección de cuatro tonos atemporales y naturales, y tres relieves: Dot, que resalta la textura abujardada propia de la piedra; Saw representando un efecto grabado de líneas horizontales y Six, que forma un entramado de hexágonos regulares.
